A diatom record of centennial resolution for the Kazantsevo Interglacial stage in Lake Baikal (Siberia)
P. Rioual and A.W. Mackay . . . . . 199
Late glacial and Holocene environmental change in the Lake Baikal region documented by oxygen isotopes from diatom silica
D.W. Morley, M.J. Leng, A.W. Mackay and H.J. Sloane . . . . . 221
Climatic change in Central Asia during MIS 3/2: a case study using biological responses from Lake Baikal
G.E.A. Swann, A.W. Mackay, M.J. Leng and F. Demory . . . . . 235
Late glacial and Holocene vegetation and regional climate variability evidenced in high-resolution pollen records from Lake Baikal
D. Demske, G. Heumann, W. Granoszewski, M. Nita, K. Mamakowa, P.E. Tarasov and H. Oberhänsli . . . . . 255
1000 years of climate variability in central Asia: assessing the evidence using Lake Baikal (Russia) diatom assemblages and the application of a diatom-inferred model of snow cover on the lake
A.W. Mackay, D.B. Ryves, R.W. Battarbee, R.J. Flower, D. Jewson, P. Rioual and M. Sturm . . . . . 281
High-resolution diatom/clay record in Lake Baikal from grey scale, and magnetic susceptibility over Holocene and Termination I
X. Boës, N. Piotrowska and N. Fagel . . . . . 299
Vivianite formation and distribution in Lake Baikal sediments
N. Fagel, L.Y. Alleman, L. Granina, F. Hatert, E. Thamo-Bozso, R. Cloots and L. André . . . . . 315

*China*
A Late Quaternary lake record from the Qilian Mountains (NW China): lake level and salinity changes inferred from sediment properties and ostracod assemblages
S. Mischke, U. Herzschuh, C. Zhang, J. Bloemendal and F. Riedel . . . . . 337
A late Quaternary lake record from the Qilian Mountains (NW China): evolution of the primary production and the water depth reconstructed from macrofossil, pollen, biomarker, and isotope data
U. Herzschuh, C. Zhang, S. Mischke, R. Herzschuh, F. Mohammadi, B. Mingram, H. Kürschner and F. Riedel . . . . 361
